

ASLIA QUEENSLAND
 Australian Sign Language Interpreters' Association

This workshop will take an innovative approach in revisiting the Code by putting an interpreter on trial in a court scenario. Workshop participants will be part of either the *Prosecution Team* or the *Defence Team* to argue in favour or against the actions of the interpreter, or participants may find themselves on the *Jury* to deliberate on the case. The court will refer to ASLIA Code of Ethics and the Guidelines for Professional Conduct at the hearing and in it's deliberation.

“Sign Language Interpreting – A Journey of *Ethic* Proportions”
